# REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION PERFORMED BY THE INDEPENDENT AUDITOR

To the Board of Directors of G J Steel Public Company Limited

I have reviewed the accompanying statements of financial position of G J Steel Public Company Limited as at September 30, 2020, the statements of comprehensive income for the three-month and nine-month periods ended September 30, 2020 and the statements of changes in shareholders' equity and cash flows for the nine-month period ended September 30, 2020, and condensed explanatory notes ("interim financial information"). Management is responsible for the preparation and fair presentation of this interim financial information in accordance with Thai Accounting Standard No. 34 "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information based on my review.

#### Scope of Review

I conducted my review in accordance with Thai Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion on the reviewed interim financial information.

#### Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information does not present fairly, in all material respects, in accordance with Thai Accounting Standard No. 34 "Interim Financial Reporting".

# **Emphases of Matter**

Without any revision in my conclusion, I draw attention to:

- a) Note 3 to the interim financial information, the management has reviewed and changed the estimated useful lives of buildings, machinery and equipment in accordance with their conditions and proper estimated useful lives. Such change in estimated useful lives was approved by the Audit Committee's meeting and the Board of Directors' meeting held on June 17, 2020.
- b) Note 1 to the interim financial information, starting early 2020, the COVID-19 pandemic has significantly negative affected to both local and global economies, which, in consequence, may have significantly negative affected to the Company's future financial position and financial performance. Although the current crisis of COVID-19 in Thailand trended to be recovered, the ultimate outcome of this matter cannot presently be determined and the negative effect to the Company cannot reasonably be estimated at this stage.

# Other Matters

- a) The financial statements of G J Steel Public Company Limited for the year ended December 31, 2019 were audited by another auditor whose report dated February 25, 2020 expressed an unqualified opinion on those statements. Up to the present, Ministry of Commerce has made several determinations and notifications of anti-dumping measures and safeguard measures in order to help the domestic industry to stand and compete with the import goods on a fair trade basis and to adjust themselves to further stand for increasing competition with the import goods in the domestic market as follows:

# **Anti-Dumping Measures (5-year term)**

<sup>\*</sup> The domestic industry filed petition to Department of Foreign Trade along with the evident information concerned requesting for continuation review of the imposition of antidumping measure for the next 5 years. The Department later issued on May 5, 2020 (published on the royal gazette on May 20, 2020) the "Notification for Initiation of Expiry Review for Continuation of the Anti-dumping Measure on Hot-Rolled Steel Flat Products in coils and not in coils Originated from Japan, Republic of South Africa, Russian Federation, Republic of Kazakhstan, Republic of India, Republic of Korea, Taiwan, Republic of Venezuela, Argentina, Ukraine, Algeria, Republic of Indonesia, Slovak Republic and Romania", as the start of the anti-dumping measure continuation review procedure, in which several interested parties were participating. And during Expiry review process, the collateral for paying the anti-dumping duty on the said goods have to be collected in the same anti-dumping rate for a period not exceeding 1 year, after the previous measure expiry on May 22, 2020.

#### **Coronavirus Outbreak Situation**

On March 11, 2020, the World Health Organization declared the Coronavirus ("COVID-19") outbreak as a pandemic in recognition of its rapid spread across the globe. The COVID-19 pandemic also resulted in travel restriction, lockdown and other precautionary measures imposed in various countries. The emergence of the COVID-19 pandemic since early 2020 has brought significant economic uncertainties in Thailand and markets in which the Company operate. Currently, Thai Government approved the extension of the Emergency Decree on Public Administration in Emergency Situation to control the spread of COVID-19 in Thailand until the end of November 2020.

Notes to Interim Financial Statements (Continued) September 30, 2020 (Unaudited/Reviewed)

Although the current crisis of COVID-19 in Thailand trending towards recover, the Company is unable to reasonably estimate the financial negative impact of the COVID-19 on the interim financial statements for the three-month and nine-month periods ended September 30, 2020 to be disclosed in the Notes to interim financial statements. It is, however, certain that Thailand and worldwide measures against spread of the COVID-19 will have adverse effects on the Company's future revenues, operations and supply chains. The Company will continuously monitor the negative impact of COVID-19 on its future financial position and financial performance. The Company will also be taking appropriate and timely measures to minimize the negative impact of the COVID-19 pandemic on the Company's future operations.

#### 2. BASIS FOR PREPARATION OF INTERIM FINANCIAL STATEMENTS

The Company maintains its accounting records in Thai Baht and in the Thai language in conformity with Thai Financial Reporting Standards. Accordingly, the interim financial statements are intended solely to present the financial position, financial performance and cash flows in accordance with Thai Financial Reporting Standards.

The interim financial statements have been prepared to provide an update on the financial statements for the year ended December 31, 2019. They focus on new activities, events and circumstances to avoid repetition of information previously reported. Accordingly, these interim financial statements should be read in conjunction with the financial statements for the year ended December 31, 2019.

For the convenience of the readers, the Company has prepared an English translation of the interim financial statements from the Thai language interim financial statements, which are issued solely for domestic financial reporting purposes.

#### 3. SIGNIFICANT ACCOUNTING POLICIES

- 3.1 The accounting policies and methods of computation applied in these interim financial statements are consistent with those applied in the financial statements for the year ended December 31, 2019, except that the Company has adopted all the new and/or revised Thai Financial Reporting Standards that are effective for annual periods beginning on or after January 1, 2020.
- 3.2 Accounting standards that became effective in the current accounting period

The Company disclosed the accounting standards, financial reporting standards, accounting standard interpretations and financial reporting standard interpretations that are effective for fiscal years beginning on or after January 1, 2020, in the Notes to financial statements for the year ended December 31, 2019.

The major changes are:

#### (a) TFRS - Financial instruments standards

TFRS Topic	
TFRS 7	Financial Instruments: Disclosures
TFRS 9	Financial Instruments
TAS 32	Financial Instruments: Presentation
TFRIC 16	Hedges of a Net Investment in a Foreign Operation
TFRIC 19	Extinguishing Financial Liabilities with Equity Instruments

These TFRS - Financial instruments standards establish requirements related to definition, recognition, measurement, impairment and derecognition of financial assets and financial liabilities, including accounting for derivatives and hedge accounting.

Except for TFRS 16, the Company's management has assessed the effects of the above accounting standards, financial reporting standards, accounting standard interpretations and financial reporting standard interpretations, and believes that they do not have a significant impact to the interim financial information for the three-month and nine-month periods ended September 30, 2020.

Notes to Interim Financial Statements (Continued) September 30, 2020 (Unaudited/Reviewed)

# (b) TFRS 16 - Lease

TFRS 16 supersedes TAS 17 "Leases" together with related Interpretations. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases, and requires a lessee to recognize assets and liabilities for all operating leases with a term of more than 12 months, unless the underlying asset is low value.

Accounting by lessor under TFRS 16 is substantially unchanged from TAS 17. Lessor will continue to classify lease as either operating or finance lease using similar principles to those used under TAS 17.

The Company (as the lessee) has recognized the cumulative effect of initial applying TFRS 16 and the comparative information was not restated. The Company elects to apply TFRS 16 to lease previously classified as an operating lease by recognizing lease liabilities as of January 1, 2020 at the present value of lease payments to be made over the remaining lease term which is discounted by the incremental borrowing rate of the Company as of the initial application date and recognized right-of-use assets at an amount equal to the lease liabilities, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognized in the statement of financial position before the date of initial application.
